APPLICATION FOR INTERNSHIP

In our internship program our mission is to hire one intern to fit every niche of our business; Communications, Marketing, Event Management and Partnerships. This will allow us to recruit interns who have an understanding in their area of business and can gain experience and in return GCSC gets the quality of work that we are looking for.

Intern responsibilities vary drastically from assisting with writing grants to moving boxes and each serve just as important service to our organization as the other. The ability to hire on an intern in each area of business allows us to designate responsibilities and work to this intern freeing time for the full time staff to turn their focus on the bigger picture which will make each event bigger and better. These students also bring new and fresh ideas to the table which allows us to keep up to date on the ever changing marketplace. And lastly once they have gone through our system they become ambassadors to The Greater Cleveland Sports Commission. Whether they are promoting the internship program or the mission of who we are and what we do is just another channel of getting the recognition of the Sports Commission out in the community!
